Current Responsibility

Sinéad Clarke is a Principal and Consulting Actuary working in the Dublin office. She leads Milliman Dublin's Risk and Capital Management team.

Professional Work Experience

Sinéad has almost 20 years of experience working in the Irish insurance industry, with a wide variety of clients, including life, non-life and health insurers. She is an expert on the requirements of the Risk and Actuarial Functions under Solvency II.

Sinéad supports clients in better understanding and quantifying their risk exposures. She advises on regulatory expectations and best practice in Ireland, the UK and Europe. She is particularly interested in sustainability and climate-related risks and has supported numerous clients in assessing the materiality of climate risk exposures and updating their risk management frameworks to consider climate and sustainability risks.

Sinéad is an active member of the Society of Actuaries in Ireland (SAI) and currently sits on the SAI's Diversity Equity Accessibility and Inclusion Committee.

Professional Designations

Fellow of the Society of Actuaries in Ireland

Education

BAFS, University College Dublin
