## Current Responsibility

Brent Jensen is a principal and consulting actuary with Milliman's Health Practice. He is located in Salt Lake City, Utah, and joined the firm in 2010.

## Professional Work Experience

Brent's consulting experience covers a wide range of health actuarial projects. He leads projects that cover value-based care, risk sharing arrangements and provider contracting, financial forecasting, pro forma projections, and bundled payment analyses. He is also an expert in pricing, reserving, and employer health and welfare benefits consulting. His clients include ACOs, insurance companies, hospitals and physician groups, and employers.

He is an expert in the various ACO programs and has supported clients as they evaluate and apply for the various direct contracting tracks.

Brent's recent experience also includes:

- Payer/Provider risk sharing arrangements
- MSSP and ACO REACH track evaluations
- Bundled payment development studies
- Evaluations of Centers of Excellence
- Provider benchmarking analyses
- Plan design relativity studies
- ACA rate filings
- Annual statements of actuarial opinion
- Wellness program ROI studies

## Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

## Education

BA, Economics, Brigham Young University
